Dear Ms. Rowen:

Loudoun Water has reviewed the referenced application and offers the following comments:

1. As previously commented, change general note 8 (sheet 1) to read Loudoun Water could provide water and sanitary sewer service to the proposed development through extension of existing facilities. Water and sewer service would be contingent upon the developer's compliance with the Authority's Statement of Policy, Rates, Rules and Regulations and Design Standards.
2. Show location of proposed water and sewer facilities on Special Exception plat.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

Julie Atwell
Engineering Administrative Specialist
